## New Market For Alaska Fish

The Alaska Co-operative Fish Company has contracted with the American Fish & Oyster Co., of San Francisco, to ship one ton of fresh fish every week. The first shipment was made on Jan. 2, and was received at Frisco in first class condition. Manager McGehee says that this is merely a starter, the Frisco people are only feeling for our fish now and as soon as they learn that we have the goods there will be a great increase in the shipments. These fish will be sold below as Alaska fish, not as Columbia River salmon. The great trouble heretofore was that Alaska fish lost their identity as soon as they landed at Puget Sound Ports, and what was shipped to German markets were recognized as Columbia River fish; hence we have lost all credit for the grade of salmon that we have produced from our neighboring waters. This new enterprise is to be complimented upon what they have already accomplished, and we look forward to great things from them.

Washington, Jan. 15—President Wilson returned from his vacation last Monday and has already discussed the trust message with the Cabinet.

All roads lead to the rink.

## Light Plant Changes Owners

Yesterday the Electric Light and power Co. made a change in proprietorship. Jos. C. Ensley has sold his one half interest to Orville C. Palmer and Mr. Palmer will, conduct the business alone hereafter. We think Joe has the gold bug and is liable to blow when the robins come.

## Cases On The Hill

Last Monday Johnny Shakes and Tom Wilson were arrested for assault and battery on the person of Joe Johnson. When the trial came off at the Court House it was found that it was the result of a drunken row and Tom Wilson was bound over to the grand jury on the charge of giving liquor to Johnny Shakes and Joe Johnson. Wilson swore he bought the whiskey from a Mexican. On Tuesday B. Smith, a Mexican, was bound over to the grand jury on a charge of selling whiskey to Tom Wilson, a native.

William J. Kneebone, engineer of the Perseverance mine at Juneau, and Miss Mildred E. Sweigert, daughter of a prominent New York merchant, were married at sea on the steamship Spokane says a report from Seattle.

## Railroad Bill Debate On

Washington, Jan. 15—The debate on the Alaska railroad bill has begun, led by Brumbaugh of Ohio, the opposition is led by Davenport Ferris is also a supporter of the bill in the Senate. It is expected the bill will pass by a nonpartisan vote early next week. The debate has been continued today by Senator Walsh. It is understood that Burton will not speak in opposition.

## Mr. Raffles Here Saturday

The much talked-of Mr. Raffles, of The Rink Theater, will leave Ketchikan in time to reach Wrangell Saturday when it will be up to you to find him. A purse with dollar and a month's free shows at The Rink will be awarded the winner. The children don't want to miss this chance of a whole month for nothing at The Rink and a \$1 besides, so get in on this. Get out early Saturday and spot Raffles if you can, when you find him you will have to ask this question correctly, "Are you Mr. Raffles from The Rink Theater?" If you strike him you get the one bone and the big ticket. There is no blood and thunder at The Rink, your children will not see any degrading pictures at this show house. Saturday night it will be the fourth installment of "What Happened to Mary" the big feature that your children ought to see, also John Bunny, say: John is a corker, you'll bust your sides laughing at this guy. Remember all roads lead to The Rink.

## Big Storm At Anita Bay

According to the report of Capt. J. H. McGehee there was quite a storm at Anita Bay last Sunday night, Walter Hubbel's gas boat broke loose and was captured after some difficulty, and three trolling boats were also carried away by the storm. The heavy wind blew a large spruce tree down and crushed two tents in which two fishermen were sleeping, fortunately they escaped unhurt. Captain McGehee says the spring salmon run is starting fine at that point.

## Jap Admiral Dies Yesterday

Tokio, Jan. 15—Count Yuke Ito Admiral of the Japanese fleet died yesterday. Count Ito's death will be greatly mourned in naval and army circles, he was one of Japan's foremost sea fighters and one of the greatest naval men Japan has ever produced. The whole empire is draped in mourning.

## More News From Valcano Zone

Tokio, Jan. 15—Advices have reached here that the small island of Sakura is completely covered with ashes from the Sakurajima eruption, and there are many dead buried beneath the ashes. Kagoshima a city of sixty thousand population lies in ruins, the death toll will forever remain unknown, it is the worst calamity that ever befell Japan.

## New Music At Photoshow

Were you at Bender's Photoshow this week? You're easy if you miss it. The audience sure had a treat in the musical line as well as the best pictures yet. The Orchestra is composed of Prof. R. Kronmiller, Violin; Harry Horn, Clarinet; Frank Dobbs, Trap Drummer, and Prof. Stoeckel, Pianist. They certainly put life into the pictures, and that drummer is some artist, he can roll the sticks to perfection. The patrons of the Photoshow greatly appreciate the trouble and expense that the Manager of the Photoshow has gone to in procuring the services of these artists for the entertainment. Meet me at the Photoshow.

## Kake Natives Making Strides

At Kake Village the natives are operating a Co-operative store, and are planning to erect a small sawmill this coming summer, and as soon as their finances will permit they intend building a cannery. They have already applied to the Department of the Interior for the setting aside of a small reserve to include Kake and the surrounding territory. Notwithstanding the fact that the Kake's were considered a hostile tribe they seem to have acquired civilized ideas and are seemingly progressive.

## Passengers On Steamer Spokane

Seattle, Jan. 15—The steamer Spokane sailed Tuesday night for Southeastern Alaska. The Wrangell passengers are, Charles Armstrong and wife.

## Wants The Leasing System

Washington, Jan. 15—Senator Smoot, of Utah, has introduced a bill before the limiting the leasing of the Alaska coal lands to 3200 acres to any person or corporation, fixing a minimum royalty of five per cent of the value of the coal at the mine.

## Wrangell Hotel Being Repaired

The interior of the Wrangell Hotel is taking on a new aspect. R. Tait has been busy for the past week painting and decorating the lobby and main entrance. Mr. Grant doesn't give the place a chance to get stale looking but gives the interior a complete overhauling every year. It certainly looks pleasing to the eye. Johnny says there is nothing too good for his guests.

## Moose Entertain

Last Friday evening Wrangell Lodge No. 866, L.O.M., held their regular monthly entertainment at Red Men's Hall. Whist, music and dancing were indulged in till a late hour. In the whist game Mr. and Mrs. Cunningham won the first prizes, Jack Clauson and Mrs. Sol LaBounty captured the booby prizes. Talitha Ensley, Amanda Horgheim, E. Albrecht, Sam Ensley and others contributed to the musical program. Everybody had a swell time and look forward to the next card party of the series.

Seattle, Jan. 15—Halibut raised another notch to-day, the price now being nine and three quarter cents per pound. Not many shipments coming in.

## EDITORIAL

The inhabitants of Southeastern Alaska have a great deal to be thankful for, we are blessed with regular spring weather throughout our winter months, poverty, extreme cold, blizzards, electrical storms, tidal waves, earthquakes and volcanic eruptions are unknown to us. Even in sunny Spain people are suffering from the extreme cold and freezing to death.

In Peru earthquakes are common and now a tidal wave has struck her coast causing heavy loss of life and property, leaving starvation in its wake. The streets of Seattle are under water and some of them are impassable on account of the heavy rainfall. Seattle is also infested with hoboes and unemployed men which have to be fed by the Citizens.

Boston is storm bound and suffering prevails all along the Atlantic Coast, the results of the blizzards which are raging in that section. Ships are being wrecked and are adding to the heavy death toll of the nation. Accounts of murders and crimes crowd our daily publications. Labor strikes are crippling part of the States leaving nothing but destitution to follow.

Japan is being rocked by volcanic eruption, cities and Islands are laid waste by the lava and ashes, while countless dead lay beneath the ashes.

South Africa is experiencing another uprising this time from the labor classes, all her Citizens have been called upon to defend the colors.

Sweden is crowded with Russian spies and her nobility is feeding scandal to the rest of the world.

Texas has had her afflictions, the raging waters of the Brazos river left thousands homeless and destitute. Poor people are starving and freezing to death in Chicago. Regina, Canada is having innumerable labor troubles and the city is under martial law.

Michigan has experienced one of the greatest calamities in her history, when scores of her innocent children were trampled to death in a riot. Michigan is also having her labor troubles which is retarding her progress. Ships are being wrecked on the coast of Vancouver island, steamers have been stormbound for days outside the Columbia Bar being unable to cross on account of the raging tempest. Mexico is nothing but a network of bloody trails, it is being raided by a bunch of murderous bandits who leave nothing but blood and raping in their path. The whole of Europe is shivering. The province of Quebec is frozen to the core, Montreal is without sufficient water to drink, while we Alaskans have plenty, the Lord has certainly showered innumerable blessings upon us. We have no poverty, want is unknown, we are not freezing to death, strikes are not worrying us, our streets are not flooded nor are we storm swept. We are enjoying weather which is the envy of our Southern neighbors, never too hot; never too cold, and a land of plenty. Who wouldn't live in Wrangell, the place of smiles and sunshine.

## Land Jumping Ought To Stop

The time has about arrived when the citizens of this town will have to assert their rights and stand guard with a rifle to defend their property rights. During the past few months the lot jumpers have been working overtime, they imagine, or probably have been led to believe by some sanctimonious person, that they can just help themselves and hold whatever they have a mind to stake out or enclose with a fence. Heretofore the citizens of this town have been law abiding and were honorable towards each other to the last degree, they have always respected their neighbor's rights, but recently the precedent established by the pioneers has been badly bent. A native for instance, may now sell a piece of ground to a white man, pocket the cash and spend it, then turn around and demand his ground back claiming he didn't have a right to sell it, thanks to his coach. Is this not a pretty state of affairs? We do not blame the native, his is not the master mind by any means, the native obtains the money under false pretenses and is encouraged in his nefarious practice by his white advisor. Of course the lot jumping is not confined to the native by any means, the white is equally as guilty. In some parts of the country a man is lucky if he can hold possession of the property he has paid for, but

here some of them expect to get what their fellow citizens have paid for. It is a practice that should be nipped in the bud, if not, nasty complications will be the result. Some steps should be taken to discourage all this encroaching and jumping, if it continues to go on, all the property owners will be jeopardized and discontent and strife will be inevitable.

## Fate Of Vessel Is Unknown

Halifax, Jan. 15—The fate of the hundred and twenty-five passengers and crew of the ill-fated steamer Cobepuid is unknown, the last wireless messages from the stricken steamer last night reported her filling rapidly, and a heavy gale raging. One of the fiercest gales in history is sweeping the Grand Banks.

Yarmouth, Jan. 15—When the fog lifted today the passenger liner Cobepuid was sighted and it is now believed the passengers and crew are probably safe.
